

STREET SWEEPING

In order to assist the City of Rialto in maintaining clean streets and improve the environment, Burrtec will provide street sweeping services ***twice a month***, starting July 1. This service is provided at no additional charge to residents in the City of Rialto. For a map of the new street sweeping schedule, please visit, <http://www.rialto.ca.gov>. Remember to move vehicles parked at the curb on your street sweeping day. It is also important for you to remind any service providers at your home or business (gardener, pool cleaner, etc.) of the street sweeping schedule and that their vehicle cannot be parked on the street.

Why clean the streets? The City of Rialto is responsible for implementing Best Management Practices to reduce the amount of pollution reaching its storm drains which lead to the Santa Ana River and eventually the ocean. Regular street sweeping is one of the most cost-effective Best Management Practices used to remove sediment, metals, petroleum products, litter and vegetation which accumulate on streets and gutters. Keeping the streets and storm drains clear not only helps to mitigate water pollution, but also reduces the likelihood of flooding during heavy rain. The City and Burrtec are committed to enhancing the community and the environment for residents and businesses. Join us by participating in these efforts!

- Pick up litter when you see it outside of your trash and recycling barrels
- Do not blow green waste materials (leaves, grass clippings) into the street
- Participate in the City of Rialto's Community Clean Up Days
- Do not allow automotive fluids to enter the gutter when servicing your vehicle
- Use your bulky item pick up service instead of leaving items to be scavenged at the curb
- Do not rinse paint from brushes or rollers into the gutter
- Report illegal dumping
- Use your trash, recycling and green waste barrels; do not allow materials to accumulate
- Report scavengers illegally taking materials from your barrels
- Sweep driveways and sidewalks instead of hosing them down

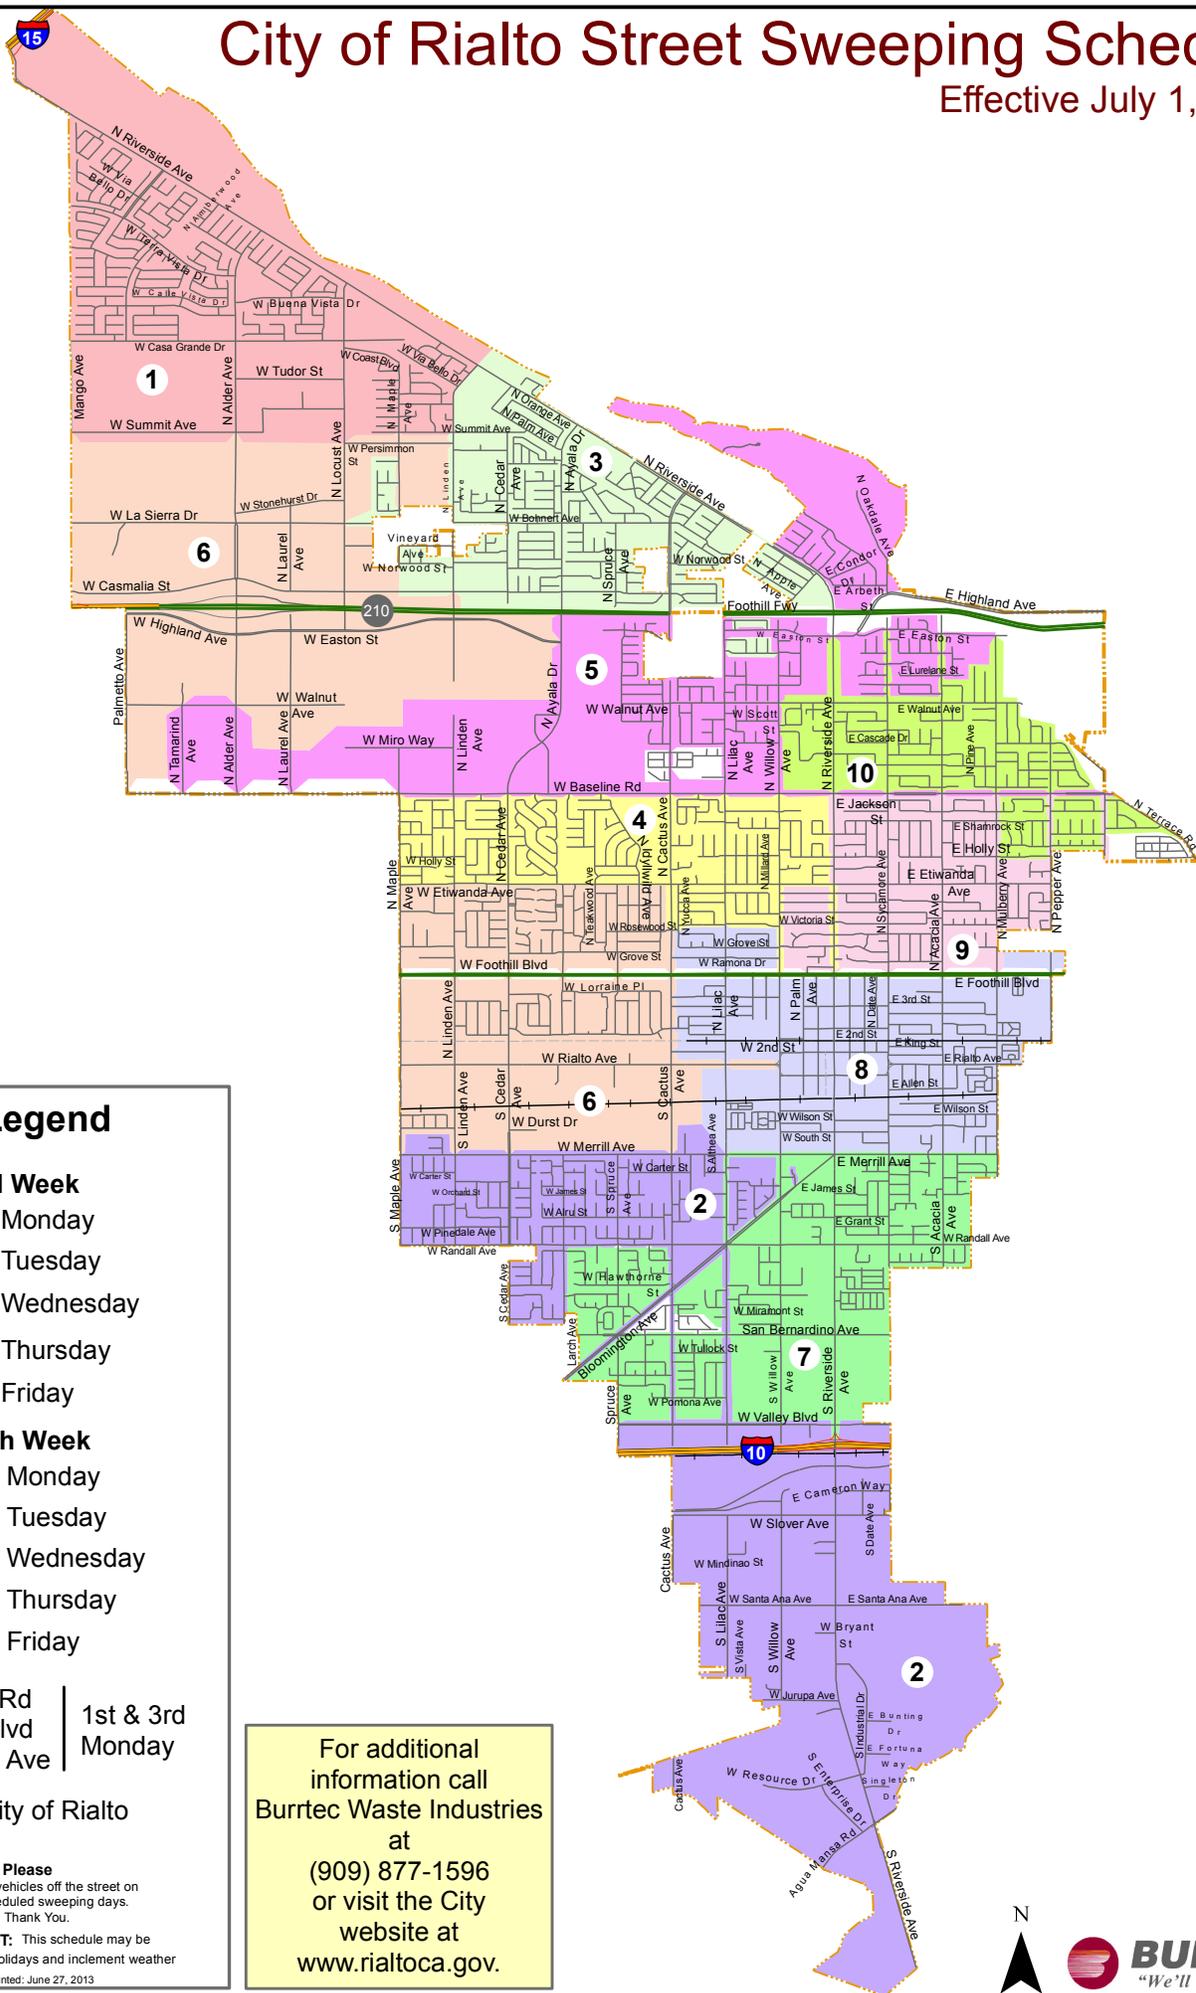

NO PARKING ON STREET SWEEPING DAYS

Questions on sweeping please call Burrtec at (909) 877-1596
