Planning Commission Summary

The Planning Commission took the following actions in April:

- **Quarterly Review 16-1.** On April 13th, the Commission conducted its quarterly review of Conditional Development Permit No. 714 for Culichi Town restaurant and bar.
- **Conditional Development Permit No. 807.** On April 27th, the Commission approved a request to establish a second-hand/thrift store within an existing commercial building located at 1507 South Riverside Avenue. The site is located within the R-C (Retail Commercial) zone of the Gateway Specific Plan.
- **Development Code Amendment No. 16-01.** On April 27th, the Commission reviewed changes to the Rialto Municipal Code (Chapter 9 and Chapter 18) to regulate Mobile Marijuana Dispensaries and the delivery and cultivation. The Commission approved the changes and recommended that the City Council adopt the new changes as law.

Other Planning Services

- **City Council Adopts Moratorium on New Storage Uses.** During the last year, the City has experienced a significant increase in the number of applications to develop new truck parking facilities, pallet yards, and/or other outdoor storage intensive uses. Although these businesses provide a necessary service to the business community, in most instances, the City would prefer more intense development to maximize economic development benefits for the City, such as jobs and property tax revenues.

On April 26, 2016, the City Council adopted an urgency Ordinance establishing a 45-day moratorium on the approval or processing of development applications and permits for all truck parking, pallet yards and other storage intensive uses within the City of Rialto.

During the initial 45-day moratorium period, City staff will study the various issues related to the development of “storage intensive” uses within the City. City staff will collect additional data on the number, location, and operation of the existing facilities within the City. Additionally, City Staff will review the City’s Zoning Ordinances and Specific Plans and will determine and recommend any necessary modifications to the City’s Zoning Ordinance and entitlement process to give the City better control on the approval and development of “storage intensive” uses. Such modifications will give the City better control and discretion to limit the size, number, and location of these “storage intensive” uses. The City will also consider equitable means of levying development impact fees.

Traffic Division Conducts School Safety Operation

On April 21st the Rialto Police Department Traffic Division, along with assistance from the Fontana and Redlands Police Departments conducted a “School Traffic Safety Sweep”. The goal of the operations is not to just issue citations, but also to educate students who are not using the crosswalks properly. CALIFORNIA OFFICE OF
TRAFFIC SAFETY

“Put the Cell Phone Down” Detail Operation

On April 27th, the Rialto Police Department Traffic Division conducted an OTS distracted driving operation. The operation’s targeted areas were the I-10 and I-210 overpasses at Riverside Avenue. An officer acted as undercover spotter and was standing on Riverside Avenue at the westbound off ramps with a cardboard sign in hand “warning” passing motorists of what’s about to happen if they were using their cell phones while driving. Not only were we targeting cell phone violations, we were also addressing concerns and complaints about vehicles running red lights at both overpasses. The operation was a huge success and the police department received positive feedback from passing motorists. The extra attention in both of the targeted areas netted 36 citations for cell phone, texting and red light violations.

Pride Platoon Competes in the Annual Earp Challenge Military Academy Competition

On Saturday, April 30, 2016, students from the Rialto Police Department’s Pride Platoon program and the Colton Police Department’s CART program competed in the 2nd Annual Earp Challenge competition. The groups of students competed against each other in 3 events: a relay run, fire-hose drag and a tug-of-war. Pride Platoon won 2 of the 3 events and was once again awarded the perpetual trophy cup. Pride Platoon and CART are programs geared towards changing the negative behavior of teens by means of mentoring, guiding, coaching and teaching. Don Earp, a descendent of the famous Earp family was in attendance and awarded the trophy to Pride Platoon. Congratulations to Pride Platoon Class 12 for winning this year’s competition.

Fire Department

Every 15 Minutes

The Rialto Fire Department joined with Rialto PD and Bloomington Christian High School to present the "Every 15 Minutes" program to their senior class. This graphic display drove home a very strong and important message about the dangers of driving under the influence of drugs or alcohol. The Every 15 Minutes Program offers real-life experience without the real-life risks. This emotionally charged program, entitled Every 15 Minutes,

is an event designed to dramatically instill teenagers with the potentially dangerous consequences of drinking alcohol and texting while driving. This powerful program will challenge students to think about drinking, texting while driving, personal safety and the responsibility of making mature decisions when lives are involved. Day one consisted of a graphic dramatization of an actual fatal traffic collision involving students from Carter High. Day two followed up with a school assembly

where students heard from City leaders including Councilman Ed Scott, Police Captain Andy Karol, and Fire Division Chief Sean Grayson. Each of them relayed stories of personal tragedy resulting from drivers operating vehicles under the influence of an intoxicating substance. These presentations brought home the realities of how even one bad decision can cause a loss that affects the individual, their family, and their friends forever.

Arson Awareness Week

Each year during the first full week in May, the U.S. Fire Administration (USFA) and the Rialto Fire Department work to raise awareness of arson and provide individuals with strategies to combat it in their community. This year, Arson Awareness Week was May 4-10 and focused on arson in the wildland environment.

Arson is defined as the willful, malicious, intentional and/or reckless burning of your property or someone else's. Wildfire arson takes place on underdeveloped wildland or uncultivated land comprised of forest, brush or grassland. It is particularly problematic in California where 1 out of every 5 wildfires has been a result of arson since 2007. That means that wildland arson has caused multiple deaths and injuries, and billions of dollars of damage just in our state alone. Do your part to curb this trend by staying vigilant and reporting suspicious activity. For more information, visit:

https://www.usfa.fema.gov/prevention/outreach/wildfire_arson/.

RFD Hosts Regional Hazardous Materials Training

The Rialto Fire Department hosted a regional hazardous materials training session this month focused on transportation incidents. Fire Departments and hazardous materials teams from throughout Southern California attended to gain valuable insight on the changes in standards for transportation of hazardous materials. In addition to the tank farm and railyard in the south end of the City, Rialto has the unique challenge of hazardous materials transported in large volumes by truck, rail and pipeline every day. Your Rialto Firefighters applied some of the information learned in the training session to a real incident involving a hazardous materials leak which caught a trailer on fire. Ongoing training like this ensures that we are ready to handle these complex incidents.

Fill the Boot

Your Rialto Firefighters, with the assistance from off-duty firefighters and volunteers, conducted their annual Fill the Boot drive to raise funds to give to those in need right here in Rialto. The Rialto community has always supported this very special event and this year was no exception. Over the two days of the event, the gracious people that drove by the intersection on Easton and Riverside gave more than \$26,000. All funds will be used to support our Rialto community members.

CPR and Basic First Aid Training

Would you know how to help if someone was injured or needed CPR? One of the most important steps that you can take to help your family and friends in a time of need is to learn these basic skills that you can use before the Fire Department arrives. To help with this, the RFD is offering CPR and Basic First Aid classes for members of our community. Classes will be held on the third Thursday of each month at Fire Station 203, located at 1550 N. Ayala Dr.

The classes are offered in two sessions. The CPR class is taught by our certified instructors from 8:00 am to 12:00 pm. Upon successful completion, you receive Basic Life Support CPR certification card from the American Heart Association. The cost of the class is \$50.00 which covers all required manuals, AHA certification costs, and your own one-way pocket mask that is used to deliver breaths when performing CPR.

The Basic First Aid portion of the training then picks up from 1:00 to 4:00 pm. This class uses standardized curriculum to give students the ability to properly deal with a variety of medical and traumatic events. The cost of this class is \$20.00 which includes the instruction, hands-on training, and student manual.

Both of these classes offer an excellent opportunity to learn important skills that can save a life. For more information, please contact the Rialto Fire Department at (909) 820-2692.

Fire Explorer of the Year

This year we were very pleased to have the East Rialto Kiwanis Club honor our Rialto Fire Department Fire Explorer of the Year at their annual Student of the Year Breakfast. This year, the honor went to Fire Explorer George Garay. Explorer Garay was selected for his dedication to the program and for his leadership in the organization. Our explorers are all very active in the community and give hundreds of hours of service to make Rialto a great place to live. The event was held on April 27 at the Rialto School District headquarters. The event also honored the students of the year from the district, and the police explorer of the year. Congratulations to Explorer Garay and sincere thanks to the East Rialto Kiwanis Club for arranging this recognition.
