

Shopping Cart Retrieval

To help curb the amount of shopping carts left on City streets, please use the following information to report the shopping carts. Businesses with shopping carts are required to submit Shopping Cart Containment Plan to Rialto Code Enforcement. Businesses have contracted with retrieval companies to check for their carts and respond to complaints of rogue carts in the City of Rialto.

Please contact the Retrieval Service of the shopping cart you see abandoned and report the location for pick-up.

Abandoned & Unmarked Shopping Carts

If you see a shopping cart that has no business logo's or names, please contact Code Enforcement to report the location or submit online to our contract vendor West Coast Shopping Cart Retrieval. They do weekly sweeps throughout the City of Rialto and respond to reported locations by residents on Mondays. Also report shopping carts that are not being picked up by the vendors above.
