CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan.

91.520(a)

This 2019-2020 Consolidated Annual Performance and Evaluation Report (CAPER) is the City of Rialto's report to the U.S. Department of Housing and Urban Development (HUD) describing the use of federal Community Development Block Grant (CDBG) funds during the fifth program year of the 2015-2019 Consolidated Plan period, covering July 1, 2019 to June 30, 2020.

The City receives CDBG funds from HUD on a formula basis each year, and in turn, implements projects and awards grants to nonprofit, for-profit or public organizations for projects in furtherance of the adopted Consolidated Plan. The CDBG program generally provides for a wide range of eligible activities for the benefit of low- and moderate-income Rialto residents.

For the 2019-2020 program year, the City received \$1,196,679 of CDBG funds from HUD, which were combined in the Action Plan with \$187,993 of prior years CDBG funds for a total investment of \$1,384,672. This investment of CDBG funds was a catalyst for positive change in the community. Together with other federal, state and local investments, HUD resources allowed the City and its partners to:

- Provide fair housing services to 397 residents
- Completion of the construction of public facilities activities for the Community Resource Center ADA Improvement project. Project was awarded a construction contract; which included the updating of the facilities parking lot, ADA approved ramps at both entries to the building and security installation to an installed ADA compliant electronic entry door. The codes include but are not limited to the Building Code and Americans with Disability Act (ADA) requirements
- Completion of the construction of public infrastructure activity 17/18 Sidewalk, Curb, and Gutter project.
- Provide Housing Preservation in the form of Mobile Home Repair Program to 6 Households within the City
- Provide Housing Preservation in the form of Home Sweet Home Program to 4 Households within the City (CAL Home Funds)
- Provide Public Services to 427 Low-income residents in the City of Rialto
- One payment was made to the City's Section 108 loan repayment totaling \$284,093.47 (No program income generated from these activities).

Table 1 provides a summary of the five-year and one-year accomplishments for the period ending June 30, 2020, arranged by each of the Strategic Plan Goals included in the 2015-2019 Strategic Plan of the Consolidated Plan.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

During the program year, the City and its housing and community development partners made progress on several 2019-2020 activities as well as some multi-year activities that continued during the program year. All CDBG funded activities addressed specific high priority objectives identified in the 2015-2019 Consolidated Plan.

The CDBG-funded Fair Housing Services served just under the amount of people than was anticipated in the Action Plan, confirming that a high need exists for these services in the community.

The majority of CDBG funds were allocated to public facilities and infrastructure improvement activities to benefit low- and moderate-income neighborhoods, provide disabled access, and the preservation of community facilities. Key accomplishment includes completion of the City's Rialto Community Resource Center ADA Improvement project and the City's 17/18 Sidewalk, Curb, Gutter project.

Several other public facilities and infrastructure improvement activities made progress over the last year and are expected to be completed during the 2020-2021 program year. These include the Community Center ADA Improvements Projects, Bud Bender Ball Field Fence Project, and Community Center Basketball Resurfacing Project which are all expected to be completed during the 2020-2021 program year.

In addition to making significant progress toward the completion of the prior year funded public facilities and infrastructure improvements projects, the City has been revamping its staff and process to assure that the current year projects are completed in a timely fashion.

Each of the activities that were underway during the 2019-2020 program year are listed in **Figure 1**, including the amount of CDBG funds allocated to the activity and the amount spent as of June 30, 2020. **Figure 2** provides the numeric accomplishment goal and the amount accomplished as

of June 30, 2020.

The figures in this table represent the sum of the reported number of people, families, households or housing units reported during the fiscal year, without regard to the number of people in each family, household or housing unit. In addition, the data in this table reflects 100 percent completed activities only.*

Narrative

Table 2 provides an aggregate of race and ethnicity data for persons and households served during the program year based on accomplishment data from all CDBG activities reported in HUD's Integrated Disbursement and Information System (IDIS). For more detailed demographic information by project or activity, refer to the IDIS reports PR-03 and PR-23 provided in **Appendix C**.

Based on the information in **Table 2**, a diverse array of persons and households benefitted from CDBG funded housing, public facilities or public service projects during the program year.

Narrative

The federal, state, local and private resources available for the implementation of projects during the 2019-2020 program year are identified in **Table 3**. The total amount expended during this program year was \$1,248,190.06; representing 47.80% of the resources made available during the 2019-2020 program year.

Citywide	18%	18%	All public service and housing activities targeted all L/M residents of the City

Table 4 – Identify the geographic distribution and location of investments

Narrative

During 2019-2020, the City expended CDBG funds in a manner consistent with the National Objectives of the program. One-hundred percent of the CDBG funds expended were for activities that benefit low to moderate income persons. The percentage includes Administration and Planning activities (CDBG Program Administration, Fair Housing Activities, and Section 108 Loan Repayment).

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

To address housing and community development needs in Rialto, the City leverages its CDBG entitlement grant with a variety of funding resources in order to maximize the effectiveness of available funds such as appropriate state, local and private resources. The City and its subrecipients were able to leverage approximately \$48,227 of additional funds to address

identified needs in the plan. These funds came by way of in kind donations, food donations, and volunteer work hours that were documented by the subrecipients during the program year.

The City also utilized existing City buildings (Rialto Resource Center, Fitness and Aquatic Center, Rialto Community Center, and Grace Vargas Senior Center) to house several subrecipients, host and allocate space for CDBG subrecipients space to run CDBG funded activities, and provide meeting space for the various public services agencies that were funded with CDBG dollars during the program year to assist Rialto residents. The City also utilized its Community Center as a meeting space for its “Homeless Task Force” where community stakeholders and other local jurisdictions met to discuss current efforts and strategies, and implemented the County’s Point In Time count to address homelessness within the City of Rialto.

Other examples of funds that were leveraged but difficult to account include but not limited to those listed below:

Federal Resources

- Continuum of Care (CoC) Program
- HUD Veterans Affairs Supportive Housing (HUD-VASH)
- Supportive Housing for the Elderly (Section 202)
- Supportive Housing for Persons with Disabilities (Section 811)
- Housing Opportunities for Persons with AIDS (HOPWA)
- Youth build
- Federal Low-Income Housing Tax Credit Program
- Department of Transportation Grants
- Department of Energy Grants
- Federal Highway Administration

State Resources

- State Low-Income Housing Tax Credit Program
- Building Equity and Growth in Neighborhoods Program (BEGIN)
- CalHome Program
- Multifamily Housing Program (MHP)
- Housing Related Parks Grant
- CalHFA Single and Multi-Family Program
- Mental Health Service Act (MHSA) Funding
- Prop 47 – Board of State & Community Corrections
- Justice Assistance Grant (JAG) Program
- Homeless Emergency Aid Program (HEAP)

Local Resources

- San Bernardino County Homeless Partnership (SBCHP)
- Housing Authority of San Bernardino County (HACSB)
- Southern California Home Financing Authority (SCHFA)
- General Fund

Private Resources

- Federal Home Loan Bank Affordable Housing Program (AHP)
- Community Reinvestment Act Programs
- United Way Funding
- Private Contributions

Matching Requirements

The CDBG regulations do not require a match contribution; the City encourages its awarded departments and agencies to leverage the CDBG funding to further aid in the assistance provided to its residents. The City of Rialto does not receive HOME or ESG funds as part of its allocation. The amount of matching is therefore; not applicable for the 2019-2020 CAPER.

CR-20 - Affordable Housing 91.520(b)

Table 6 - Number of Households Supported

**Program accomplishment of (10) ten households includes (6) five units assisted with Mobile Home Repair Program and (4) four additional units that were completed through the City's Home Sweet Home Program (funded with Cal HOME funds).*

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

At the point of adoption of the 2016-2017 Action Plan on April 12, 2016, the City anticipated creating 10 affordable housing units through one CDBG funded activity which included the City ran Mobile Home Repair Program. Due to the change in program staff, the City's housing division procured for the services for a consultant to carry out the remaining funds allocated to the program. As of this writing, six housing units were rehabilitated in the 2019-2020 program year, three projects are currently in the pre-bid phase, two applications are under pending review. These designated projects have estimated completion dates within the 2020-2021 program year.

The Home Sweet Home Program, administered by the City of Rialto’s Housing division; funded with funds from the Cal HOME Program completed four housing unit rehabilitations, one project currently in the pre-bid phase, and two applications under pending review. The identified pending projects are anticipated to be completed in the upcoming 2020-2021 program year.

The Mobile Home Repair Program worked towards meeting the City’s proposed goal of 10 dwellings during the program year however only completed a total of 6 units during the year. The CDBG funded Mobile Home Repair Program and leveraged Cal HOME funded Home Sweet Home program are vital in advancing the City’s goal to preserving household and ensuring they stay affordable within the City.

Discuss how these outcomes will impact future annual action plans.

In future annual action plans, the City anticipates continuing to invest CDBG funds as well as any of its Cal HOME funds to address housing affordability for homeowners through the rehabilitation of existing substandard units to the City’s most vulnerable residents – low-to-moderate residents experiencing a housing cost burden. With the focus of CDBG funds being put towards the Mobile Home Repair Program in future years, the City did fund the Mobile Home Repair Program in the 2020-2021 program year with a smaller allocated amount than in previous program years to ensure it utilizes all current funds prior to applying for future CDBG funds.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual
Extremely Low-income	6
Low-income	0
Moderate-income	0
Non-Low Mod	0
Total	6

Table 7 – Number of Households Served

Narrative Information

The 2015-2019 Consolidated Plan - Strategic Plan identified affordable housing needs as a high priority including preserving the supply of affordable housing. By providing Mobile Home Repair Program (CDBG funded) and Home Sweet Home Program (Cal HOME funded) to low-to-moderate income residents, the City was able to address the priority need as part of the 2019-2020 Action Plan. During the 2019-2020 program year, the City invested CDBG funds resulting in the rehabilitation of 6 low-to-moderate income benefiting households experiencing a housing cost burden under the Mobile Home Repair Program and 4 additional rehabilitations under the Home Sweet Home Program (Cal HOME funded).

In an effort to address worst case needs, the City is prioritizing the needs that were addressed in the Plan by funding capital improvement projects which identify barriers to those with disabilities. The City will address those barriers through the rehabilitation of its Community Center Rehabilitation Project scheduled to be completed in the 2020-2021 program year. Lastly, a subrecipient funded with CDBG dollars in the 2019-2020 program year, Inland Fair Housing and Mediation Board held several workshops that included a Disability Workshop and resources available to tenants as well as landlord rights information to provide to its residents. The workshops also included an overview of both Federal and State fair housing laws, reasonable accommodation or modification requests for individuals with disabilities, and allowable fees associated with such requests. The workshop was open to the public.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Preventing and ending homelessness is a HUD priority addressed nationally through coordination of regional strategies carried out locally by government agencies and a wide variety of community-based organizations and faith-based groups. Consistent with this approach, the City of Rialto supports the efforts of San Bernardino County Continuum of Care (CoC) and its member organizations that address homelessness throughout San Bernardino County and HUD's collaboration with other federal, state and local agencies implementation of the "Opening Doors: Federal Strategic Plan to Prevent and End Homelessness". In alignment with these strategies, the City programmed CDBG funds to support local service providers with programs to prevent homelessness and to preserve the supply of affordable housing in Rialto for low- and moderate-income residents.

By order of the Board of Supervisors in September 2007, the San Bernardino County Homeless Partnership (SBCHP) was formed to provide a more focused approach to issues of homelessness within the County. SBCHP was developed to promote a strong collaboration between agencies to direct the planning, development, and implementation of the County's 10-year Strategy to end chronic homelessness. According to the Ten-Year Plan to End Homelessness in San Bernardino County adopted in June 2009 (Ten-Year Plan) and the three-year evaluation of the 2009-2019 10-Year Strategy adopted April 2013, the CoC is implementing several regional strategies that will enhance local coordination to more effectively assist people in need with an emphasis on "Housing First" and "Opening Doors". To more rapidly identify and assess people experiencing homelessness, the CoC has created a regional homeless access center, the Coordinated Entry System (CES) that offers fully coordinated systems of outreach and will facilitate universal assessment, intake, referral and transportation to resources. The CoC has also developed resources of information (such as 2-1-1) to better serve individuals who are homeless or at risk of becoming homeless. In addition, the CoC is working to implement a database using real time information from intake and assessment that is housed in the Homeless Management Information System (HMIS). Collectively these strategies will help minimize duplication of effort and better connect the most vulnerable individuals and families, chronically homeless, and people at risk of becoming homeless to appropriate resources.

Since the adoption of the Ten-Year Plan in 2009, the CoC has taken initial steps toward fully

coordinated systems of outreach and assessment. The CoC completed the inventory of existing access centers in San Bernardino County noting the locations of each access center. The CoC also conducts informational outreach presentations concerning homelessness in San Bernardino County throughout the community. In addition, in August 2009 the 10-Year Strategy to End Homelessness established the Interagency Council on Homelessness (ICH) as a policy making body for the Homeless Provider Network (HPN). ICH, HPN and the Office of Homeless Services work together to ensure that the recommendations listed in the County's 10-Year Strategy to End Homelessness are realized.

Released in 2010 and later amended in 2015, "Opening Doors: Federal Strategic Plan to Prevent and End Homelessness" is a comprehensive agenda to prevent and end homelessness, with four core goals as its focal point 1) finish the job of ending chronic homelessness by 2017, 2) prevent and end homelessness among veterans by 2015, 3) prevent and end homelessness for families, youth, and children by 2020 and 4) set a path to ending all types of homelessness.

As a testament of all the efforts completed by the County and HUD, the number of individuals experiencing chronic homelessness increased slightly by two percent from 2017 to 2018 but is 26 percent lower than it was in 2007; veteran homelessness decreased by 5 percent from 2017 to 2018 and dropped by 48 percent since 2009; homelessness in families with children continued to decline by two percent from 2017 to 2018 with an overall decrease of 23 percent from 2007 to 2018, according to HUD's 2018 Annual Homelessness Assessment Report (AHAR) to Congress.

The City of Rialto's progress in reaching out to homeless persons, especially unsheltered persons, and assessing their individual needs included the City's participation in the annual countywide homeless survey. Staff, community-based organizations, faith-based groups, City's Police Department and Rialto residents assisted with the planning and conducting of the point-in-time homeless count on January 23, 2020. The community event also focused on connecting homeless persons with local services and personal hygiene bags to assist them in their time of need. The survey found 115 homeless individuals in the City, which decreased from the prior year from the 133 homeless persons counted in 2019. This decrease was attributed due to a larger turn out of volunteers and support staff that covered larger sections of the City limits to ensure an accurate count of the City's homeless population and through the implementation of services provided through the City's HEAP grant and service organizations throughout the City focusing on the homeless efforts.

Addressing the emergency shelter and transitional housing needs of homeless persons

The ultimate solution to ending homelessness is transitional to permanent housing closely

aligned with supportive services that ensure housing stability can be maintained. However, because the demand for affordable housing far outpaces the region's supply, the CoC continues to rely on its emergency and transitional housing system in order to address the immediate needs of San Bernardino County's homeless population.

Under the Ten-Year Plan, the CoC is improving the efficacy of emergency shelters and the access system including their seasonal emergency shelters and the County's three (3) Cold Weather Shelter facilities, the closest being located in the City of Redlands. In 2013, the CoC and County identified \$4.5 million in local funds to support the development of year-round emergency shelters and multi-service centers in San Bernardino County.

For transitional housing, the Ten-Year Plan recognizes a need to maintain a level of transitional housing for the target populations that benefit most from a staged approach to housing, such as mentally ill and chronically homeless individuals. While the CoC continues to support transitional housing in special circumstances, the CoC is currently examining ways to shorten stays in emergency shelters and transitional housing so that resources may be more directed towards programs providing assistance with the emphasis of the "Housing First" model and low barrier approach for chronically homeless individuals and families and rapid rehousing and low barrier approach for non-chronic homeless individuals and families to help obtain and maintain permanent affordable housing. The County further stresses the importance of increasing the number of permanent supportive housing units in order to meet the needs of those homeless persons with disabling conditions.

During the 2019-2020 program year, the Rialto Police Department actively establishes support efforts to reducing and ending homelessness by addressing the emergency shelter and transitional housing needs of homeless persons through their "COP Program – Community Outreach Program". Dedicated officers are led by Officer Gregory Marques, while on patrol provide transitional housing resources, food bank resources, and connect individuals and families with children to community-based organizations as well as faith-based groups to assist in their time of need.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

An individual or family is considered to be at-risk of becoming homeless if it experiences extreme

difficulty maintaining their housing and has no reasonable alternatives for obtaining subsequent housing. Homelessness often results from a complex set of circumstances that require people to choose between food, shelter and other basic needs. Examples of common circumstances that can cause homelessness include eviction, loss of income, insufficient income, disability, increase in the cost of housing, discharge from an institution, irreparable damage or deterioration to housing, and fleeing from family violence.

The most effective and cost-efficient means to address homelessness is to prevent episodes of homelessness from occurring in the first place. San Bernardino County's current CoC system encourages services aimed at reducing incidences of homelessness, including being discharged from publicly funded institutions and systems of care and, receiving assistance from public or private agencies through:

- Emergency Rental (Rapid Rehousing Assistance) and Utility Assistance: Short-term financial assistance to prevent eviction and utility shut-off.
- Credit Counseling: Financial counseling and advocacy to assist households to repair credit history.
- Legal/Mediation Services: Tenant-landlord legal/mediation services to prevent eviction.
- Food Banks and Pantries: Direct provision of food, toiletries and other necessities.
- Transportation Assistance: Direct provision of bus vouchers and other forms of transportation assistance.
- Clothing Assistance: Direct provision of clothing for needy families and individuals.
- Prescription/Medical/Dental Services: Direct provision of prescription, medical and dental services.
- Workforce Development: Direct provision of job training services designed to develop and enhance employment skills, as well as to help clients secure and retain living wage jobs.
- Information & Referral Services: Direct provision of 24-hour/7-days-a-week call center services to provide health and human service information to at-risk populations.
- Recuperative care for homeless individuals who become ill or injured.

The City of Rialto is a recipient of HEAP grant funds from the County of San Bernardino. With this grant, the City of Rialto is able to focus its efforts on its homeless population by providing various forms of emergency assistance. Services include, but are not limited for, homeless services, rental assistance subsidies, capital improvements, administrative costs, and homeless youth services. The City, as the administrator of the program, is working with several local community-based organizations, and motel locations within the city on obtaining rooms those in need. A client-intake process and detailed notes on services provided to each individual and family are documented through this program.

The City of Rialto funded the Inland Fair Housing and Mediation Board with CDBG funds to provide fair housing, tenant/landlord mediation, education materials on homeowner and renter's legal rights and legal services for residents through consultations, and one-on-one meetings where Fair Housing and landlord/tenant issues arise. These services are provided to prevent undue evictions that could lead to homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In support of CoC efforts, the City's Consolidated Plan - Strategic Plan and Annual Action Plans call for the use of CDBG and leveraged funds to support activities implemented by local nonprofit organizations that provide services to help get job training; assist in legal matters for Rialto residents that can play an impact on losing a home; and provide fair housing services and mediation between landlords and tenants that can prevent and eliminate homelessness. The City has also leveraged CDBG funds to preserve the supply of affordable housing in Rialto through Rialto Successor Agency funds and the Mobile Home Repair Program and the Home Sweet Home Program through Cal HOME funds.

In addition, efforts are underway at the regional level to shorten the period of time that individuals and families are experience homelessness and to prevent individuals and families who have recently become homeless are at-risk of becoming homeless again. The 2-1-1 is working with public service agencies to analyze resources and funding being used to operate transitional housing programs and to consider how these resources could be used in alignment with the best practices (i.e. rapid re-housing and permanent housing) to end homelessness with the emphasis of the "Housing First" model. Many transitional housing providers are working to end homelessness by evaluating strategies to lower program threshold requirements and improve outcomes including shorter shelter stays and more rapid transitions to permanent housing. The County also stresses the importance of increasing the number of permanent supportive housing units within its jurisdiction and increase in rapid rehousing assistance which helps individuals and families quickly exit homelessness to permanent housing without any preconditions for obtaining assistance (such as employment, income, absence of criminal record, or sobriety).

The City's CDBG funds in the 2019-2020 program year also funded a wide variety of programs such as

Rialto Child Assistance assisted families with emergency food baskets that contained food for a family that would last 1 month and personal hygiene bags that would assist the entire family. CDBG funding for the NCNW Bethune Center assisted with pre-employment job skills training, resume building, interview skills and job search assistance in the efforts to assist those who are unemployed or looking for additional employment to support the household income and to ensure they do not lose their housing.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of Rialto Housing Authority was formed under State of California Housing Authority Law to actively improve existing neighborhoods and develop affordable housing opportunities using local, state and federal resources. The Rialto Housing Authority does not administer Section 8 and does not own HUD Public Housing; however, the City is within the service area of the Housing Authority of the County of San Bernardino (HACSB) for the purposes of Section 8 and Public Housing.

During the 2019-2020 program year, HACSB continued providing housing and public services to existing residents of HUD Public Housing units and HACSB-owned affordable housing units. HACSB was able to assist a total of 250 families through its Voucher Rental Assistance Program. To enhance the quality of HUD Public Housing units, HACSB has been working towards converting existing HUD Public Housing units currently under HACSB's management and control to Section 8 units as part of HUD's Rental Assistance Demonstration (RAD) program. By the end of 2019, 1,040 public housing units were converted under RAD and the remaining 208 public housing units will be converted in 2020 (HACSB 2019 Annual Report).

In 2018, HACSB partnered with the Upland Housing Authority (UHA) and requested permission from HUD to transfer the UHA's Housing Choice Voucher and Public Housing Programs. As of July 1, 2018, HUD approved all housing assistance services provided by UHA to be transferred to HACSB protecting housing assistance for approximately 815 families. The successful transfer preserved much-needed affordable housing in San Bernardino County, protected families receiving assistance, enhanced services and resources to former UHA families, and bolstered regional efforts to streamline and provide affordable housing to families in need, (HACSB 2019 Annual Report).

HACSB continues to maintain and expand the supply of affordable housing units in the City of Rialto and throughout San Bernardino County through its partnerships with the State of California and San Bernardino County Department of Community Development and Housing.

In the fall of 2017, HACSB celebrated the grand opening of the Olive Meadow Affordable Housing Community, consisting of 62 high-quality affordable homes representing the first phase of the Arrowhead Grove Housing Community Revitalization Project (formerly the Waterman Gardens Affordable Housing Community Project).

In 2018, the Arrowhead Grove Housing Community Revitalization Project was awarded \$20 million in Affordable Housing and Sustainable Communities (AHSC) program funds, \$55 million in

tax-exempt bond allocations and \$22.5 million in low-income tax credits. The new construction will provide 184 mixed-income family apartments comprised of 147 affordable one- to four-bedroom family units, 35 market-rate units and 2 units for property managers, (HACSB 2018 Annual Report).

By the end of 2018, HACSB received permit approvals for the conversion of the Golden Apartments and Desert Haven properties in San Bernardino. The 21 two-story, two-bedroom apartments at Golden Apartments in San Bernardino will be converted into 37 one-bedroom flats for the chronically homeless. Similarly, the 61 rooms at Desert Haven in Victorville will be converted to 24 one-bedroom apartments and seven studio units for the chronically homeless. Both developments will utilize the Housing First approach to help residents become self-sufficient, (HACSB 2018 Annual Report).

In 2019, HACSB expects to assist the Related Companies with project-based vouchers to support the third and final phase of construction of 98 units at the Bloomington affordable housing site, (HACSB 2018 Annual Report).

In 2019, HACSB and affiliate nonprofit Housing Partners I, Inc. will be working with ONXY Architects to complete construction documents for the 104-unit second phase of affordable family units at the Valencia Grove site in Redlands, (HACSB 2018 Annual Report).

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

HACSB encourages residents to be actively involved in the community and in the management of public housing developments through resident councils and numerous opportunities for feedback such as community meetings and surveys. HACSB and the City of Rialto also encourage and promote public housing residents to explore homeownership opportunities and programs through HACSB's Homeownership Assistance Program targeted at current residents. HACSB also encourages and supports residents in participating in homebuyer counseling programs and recommends residents use the family self-sufficiency escrow account to save money towards homeownership. Under the Family Self-Sufficiency Program (FSS) participants develop a five-year training and service plan that outlines the steps to become employed, increase their earnings, and become independent of government assistance. Upon graduation of the FSS program, graduates are allowed to use the escrow account funds towards a homeownership (HACSB 2018 Annual Report).

Under Housing Authorities Homeownership Assistance Program, families are provided mortgage assistance for up to 15 years for working families and up to 30 years for disabled families. A total

of 245 families have become homeowners through the program since 2002 (HACSB 2018 Annual Report).

Actions taken to provide assistance to troubled PHAs

Not applicable. HACSB is considered a High Performing PHA.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Based on information gathered during the Consolidated Plan community meetings, the Consolidated Plan Needs Assessment Survey, the 2013-2021 Housing Element and market analysis, the primary barriers to affordable housing in Rialto and throughout California are housing affordability and the lack of monetary resources necessary to develop and sustain affordable housing. The two (2) barriers are related in the sense that demand for affordable housing exceeds the supply and insufficient resources are available to increase the supply of affordable housing to meet demand.

To address housing affordability and the lack of monetary resources for affordable housing, the 2015-2019 Consolidated Plan and Strategic Plan calls for the investment of a significant portion of CDBG funds for the rehabilitation and preservation of 100 existing affordable housing units over the next five years. Although the City no longer has access to Redevelopment Housing Set-Aside funds, the City continued to leverage its CDBG funds to attract private and other available public resources, including land conveyed to the City for the purpose of affordable housing, to facilitate affordable housing development. This strategy will increase the supply of affordable housing and preserve existing affordable housing in the City.

In the development of the 2013-2021 Housing Element, the City evaluated significant public policies affecting affordable housing development such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges and growth limitations. Based on this evaluation, the City determined that it has taken all necessary steps to ameliorate the negative effects of public policies that may have been a barrier to affordable housing. Moreover, the City is actively engaged with affordable housing developers concerning the siting of affordable housing and ensuring that the entitlement process runs smoothly from inception to completion.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The primary obstacles to meeting the underserved needs of low- and moderate-income people include lack of funding from federal, state and other local sources, the high cost of housing that is not affordable to low-income people and the lack of availability of home improvement financing in the private lending industry. To address these obstacles, the City has invested CDBG and Cal HOME funds through the 2019-2020 program year in projects that provide grants and loans to low- and moderate-income homeowners for home improvements and projects that

provide public and neighborhood services to low- and moderate-income people. To address underserved needs, the City has allocated 100 percent of its non-administrative CDBG investments (excluding section 108 repayments, and program administration funds) in program year 2019-2020 to projects and activities that benefit low- and moderate-income people.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Residential Lead Based Paint Hazard Reduction Act of 1992 (Title X) emphasizes prevention of childhood lead poisoning through housing-based approaches. This strategy requires the City to implement programs that protect children living in older housing from lead hazards.

Overall, the City has a relatively older housing stock, with 12,020 of the City's total housing units (46.2 percent) built before 1980 according to 2017 ACS data. The remaining 13,993 units primarily constructed after to January 1, 1979 have the least potential risk to contain lead-based paint. In these units, the best way to have reasonable assurance that lead-based paint hazards are not present is to have the painted surfaces tested.

According to the City of Rialto Residential Rehabilitation Program, a typical lead-based paint testing and risk assessment report costs approximately \$350. To reduce lead-based paint hazards, the City of Rialto takes the following actions:

- Include lead testing and abatement procedures if necessary, in all residential rehabilitation activities for units built prior to January 1, 1978.
- Monitor the lead-poisoning data maintained by the San Bernardino County Department of Public Health (SBCDH). According to SBCDH, there were 4 incidents of Rialto children with blood lead levels greater than 9.5 micrograms -per deciliter, and a total of 5 documented cases with levels equal to or greater than 20 micrograms per deciliter from 2009-2013.
- Educate residents on the health hazards of lead-based paint through the use of brochures and encourage screening children for elevated blood-lead levels.
- Disseminate brochures about lead hazards through organizations such Inland Fair Housing and Mediation Board (IFHMB) and the City's housing rehabilitation programs.

The City of Rialto's subrecipient Inland Fair Housing Mediation Board (IFHMB) holds several workshops throughout the program year which are open to the public inclusive of the residents of Rialto. The workshops address topics such as but not limited to first time home buyer programs, resources for the purchase and rehab of a home, housing rights and responsibilities, living with student loans. These workshops served as resources to the residents of Rialto in understanding the availability and affordability in obtaining and maintaining affordable

housing.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The implementation of CDBG activities meeting the goals established in the 2015-2019 Consolidated Plan - Strategic Plan and the 2019-2020 Annual Action Plan helped reduce the number of poverty-level families by:

- Supporting activities that expand the supply of housing that is affordable to low- and moderate-income households;
- Supporting activities that preserve the supply of decent housing that is affordable to low- and moderate-income households;
- Supporting housing preservation programs that assure low income households have a safe, decent and appropriate place to live;
- Supporting public services for low- and moderate-income residents, by nonprofit organizations receiving CDBG Public Service Capacity Building Grants;
- Supporting activities that fulfill the HUD mandate to further fair housing choice through the provision of fair housing education, counseling, anti-discrimination and landlord-tenant mediation.

In addition to these local efforts, mainstream state and federal resources also contribute to reducing the number of individuals and families in poverty. Federal programs such as the Earned Income Tax Credit and Head Start providing pathways out of poverty for families who are ready to pursue employment and educational opportunities. Additionally, in California, the primary programs that assist families in poverty are CalWORKs, Cal Fresh (formerly food stamps) and Medi-Cal. Together; these programs provide individuals and families with employment assistance, subsidy for food, medical care, childcare and cash payments to meet basic needs such as housing, nutrition and transportation. Other services are available to assist persons suffering from substance abuse, domestic violence and mental illness.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The institutional delivery system in Rialto is high-functioning and collaborative—particularly the relationship between local government and the nonprofit sector comprised of a network of capable non-profit organizations that are delivering a full range of services to residents. Strong City departments anchor the administration of HUD grant programs and the housing and community activities that are implemented in the City. These are supported and enhanced through the City’s collaboration with nonprofit agencies receiving CDBG funds by ensuring that the needs of low- and moderate-income residents are met. The institutional delivery system is

successfully being implemented as envisioned within the 2015-2019 Consolidated Plan and Strategic Plan.

During the program year, Subrecipient program trainings were held to ensure that all subrecipients were made aware of City's program policies and procedures and to ensure that they were made aware that there is always technical assistance through the City staff and the City's CDBG program consultant to ensure compliance. Regular meetings with City staff (Recreation & Community Services Department, Finance Department, and Public Works) and program consultants were held to ensure that expenditure goals, program accomplishments, and progress on capital improvement projects were being made. If there were, any deficiencies additional meetings and technical assistance would be provided to subrecipients and City staff on how to ensure progress with program compliance.

The City of Rialto also collaborated with the City's Housing Division to ensure affordable housing is maintained and addressed via its CDBG funded Mobile Home Repair Program, HOME Sweet Home Program (CAL Home Funds). Both Programs offered the opportunity to homeowners the assistance needed in obtaining viable funds to address health and safety identified issues, code violations, and necessary repairs to their homes that they otherwise might not have funds to do. Thus ensuring a home where residents can continue to live in their homes and be provided reasonably priced repairs and quality work done to their home from contractors with oversight of the City's programs staff.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

To enhance coordination between public and private housing and social service agencies, the City continued to consult with and inviting the participation of a wide variety of agencies and organizations involved in the delivery of housing and supportive services to low- and moderate-income residents in Rialto—particularly the CDBG Target Areas.

Specifically, the City worked closely with its nine public service agencies and several of the City's departments in carrying out their programs, so that the CDBG funds assisted the neediest individuals and families. In addition, the City worked closely with the Continuum of Care and also held its own Homeless Task Force meetings during the year with city residents, community based service providers, and faith based organizations on coordinated efforts to understand homelessness and how to proactively address the needs of the homeless and those on the verge of being homeless in the community. These consultations assured that the CDBG funds addressed the most critical needs.

Identify actions taken to overcome the effects of any impediments identified in the

jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The 2015 Analysis of Impediments to Fair Housing Choice (AI) adopted by the Rialto City Council on April 12, 2015 included three (3) impediments to fair housing choice in the 2015-2019 Fair Housing Plan. During the 2019-2020 program year, the City of Rialto's Administrative, Development Services, Public Works, Community Services Department, and Transportation Commission continued to work on identifying any new impediments to be identified in the City's upcoming Analysis of Impediments. The newly adopted Analysis of Impediments was adopted on June 9, 2020. The City of Rialto's Administrative and Community Services Department looks forward to work on the impediments to affirmatively furthered fair housing choice through the implementation of recommendations contained within the Analysis of Impediments.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

To ensure that CDBG funds were used efficiently and in compliance with applicable regulations, the City provided technical assistance to all subrecipients at the beginning of the program year and monitored subrecipients throughout the program year.

Technical Assistance

To enhance compliance with federal program regulations, the Rialto Community Services Department made technical assistance available to prospective applicants for any CDBG Notice of Funding Availability (NOFA) upon request to review the Strategic Plan goals, program requirements and available resources with potential applicants. Additionally, technical assistance (2019-2020 subrecipient workshop) was provided during the implementation of CDBG funded projects to ensure that appropriate resources are provided in furtherance of compliance with the program regulations.

Activity Monitoring

All activities were monitored, beginning with a detailed review upon receipt of the application to determine eligibility, conformance with a National Objective and conformance with a Strategic Plan goal. This review also examined the proposed use of funds, eligibility of the service area, eligibility of the intended beneficiaries and likelihood of compliance with other federal requirements such as the National Environmental Policy Act, the System for Award Management (SAM) debarment list, prevailing wage, Minority and Women Business Enterprise, Section 3 and federal acquisition and relocation regulations, as applicable.

Subrecipients submit their most recent Financial/Single Audit and other documentation to establish their capacity, and any findings noted in the audit are reviewed. In such instances where Audit findings arise, the agency is required to provide the City documentation resolving the finding. Subsequent to entering into a written agreement, staff and consultants perform periodic desk monitoring including ongoing review of required performance reports and documentation to substantiate CDBG expenditures. The reviews also included both a fiscal and programmatic review of the subrecipient's activities. The reviews determine if the activities are in compliance with the program regulations and City contract and/or MOU. Areas of review included overall administration, financial systems, appropriateness of program expenditures, program delivery, client eligibility determination and documentation, reporting systems, and achievement toward achieving contractual goals. No deficiencies or non-compliance with the program requirements were identified during the 2019-2020 program year.

For CDBG capital projects, monitoring of Davis-Bacon, Minority and Women’s Business Enterprise (MBE/WBE) and Section 3 requirements was conducted by LDM Associates, Inc. to determine the adequacy of implementation by the Department of Public Works and its consultants.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

In accordance with the City’s adopted Citizen Participation Plan, a public notice was published in the San Bernardino Sun in English and in Spanish on September 8, 2020 notifying the public of the availability of the Consolidated Annual Performance and Evaluation Report for a 15-day public review and comment period. A copy of the public notices is included in Appendix A.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

CDBG funds are making a significant impact on strategies to address the high priority needs identified in the 2015-19 Consolidated Plan – Strategic Plan. As shown in **Figure 1** in section CR-05 of this document, CDBG funds are contributing to all of the Strategic Plan goals including Fair Housing Services, Housing Preservation, Public Services for Low-income residents, Public Facilities and Infrastructure Improvements and Planning and Administration.

Fair Housing Services

For the implementation of the City's Fair Housing Services, the City funded Inland Fair Housing and Mediation Board in the amount of \$29,061. The funds were to be used for the provision of fair housing outreach, education and enforcement activities, including landlord-tenant matters. During the program year, this activity just slightly missed its service goal of 400 people by 3 people, serving 397 people.

Housing Preservation

To support the City's vision of housing preservation, CDBG funds that were awarded to the City's Development Services Department (Housing Division) for the implementation of a Mobile Home Repair Program in program year 2017-2018 funds were utilized in program year 2019-2019. With the assistance of a consultant, the City's Housing Division was able to make strides completing the rehabilitation of 6 housing units under the Mobile Home Repair Program (CDBG funds). With that same assistance, the City's Housing Division was able to complete the rehabilitation of 4 housing units under the Home Sweet Home Program (Cal HOME Funds).

Public Services for Low-income Residents

To support the City's initiative for Public Services for Low-income residents, CDBG funds were awarded to (8) eight agencies (five non-profits and three City departments) that provided different public services for the residents of Rialto. Ranging from youth services, senior services, school based mentoring, boot camps for at risk youths, to legal services for veterans, pre-employment and job training skills. In total, the agencies provided public service assistance to 427 primarily low- and moderate-income residents.

Public Facilities and Infrastructure

To improve City of Rialto public facilities and infrastructure to benefit primarily low- and moderate- income people, the City invested the vast majority of its CDBG resources to address this Strategic Plan goal. The implementation of the City's Public Facilities and

Infrastructure activities was slow in developing during the first two (2) quarters of the 2019-2020 program year. However, many of the projects that were slow in developing were being pushed along during the third and fourth quarters of the program year. This includes the current year projects as well as prior year projects. As a result, this 2019-2020 CAPER shows a number of activities currently in progress. However, many of these projects are scheduled to be completed in the 2020-2021 program year, resulting in higher accomplishment levels being reported in the 2020-2021 CAPER.

Planning & Administration - Section 108 Loan Repayment Activities

The City's Section 108 loan repayment activities utilized CDBG funds to repay the loans that were used to complete the Rialto Bud Bender Park Renovation Project and the construction of the Rialto Senior Center. The Rialto Bud Bender Park Renovation Project was completed in June of 2016 which included the grading, irrigation improvements, concrete walkways, installation of lighting, bleacher & bench upgrades and signage. The Rialto Senior Center's Construction Project utilized Section 108 loan funds to construct the City's 17,000 square foot senior center. The facility is currently being used by the City's senior population (who are presumed to be low-and moderate-income persons by HUD) that now have access to various social and physical activities provided to by the City such as social hours, meals for seniors, dancing, exercise, and education on current news and scams that are targeting senior populations nationwide just to name a few. Construction of the center was completed, and the Rialto Senior Center was open for operation in September 2004. There is no program income to report under the repayments of the City's Section 108 loan activities at this current time. The City will continue to report its loan repayments in each program year that are accomplished until the loan has been fully repaid.

Even with slow-moving CDBG public facilities and infrastructure improvements projects during the first two quarters of the program year, the City is taking a more strategic approach to fund "shovel ready projects" that benefit the community and its low-and moderate-income residents. The City is confident that this approach will bring purposeful completion to activities that the residents look for and need. Should any challenges arise in the future in the implementation of these or other CDBG-funded activities, the City will consider any necessary changes to its objectives.

2019/2020

**CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT
JULY 1, 2019 THROUGH JUNE 30, 2020**

**APPENDIX A
Public Notices**

**NOTICE OF PUBLIC HEARING
COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
DRAFT CONSOLIDATED ANNUAL PERFORMANCE EVALUATION REPORT (CAPER) FOR
FISCAL YEAR 2019-2020**

Pursuant to the United States Department of Housing and Urban Development (HUD) regulations, the City of Rialto has prepared the draft Consolidated Annual Performance Evaluation Report (CAPER) for the 2019-2020 Community Development Block Grant (CDBG) Program Year.

The CAPER provides an assessment of the City's performance in meeting Fiscal Year 2019-2020 housing and community development goals as outlined in the previously adopted Fiscal Year 2019-2020 One-Year Action Plan. Additionally, the CAPER discusses changes the City anticipates making in the upcoming year as a result of the assessment of FY 2019-2020 annual performance.

In compliance with the City's approved Citizen Participation Plan and the Consolidated Plan implementing regulation 24 CFR 91.105, this notice is hereby given that the City of Rialto has prepared the draft CAPER for FY 2019-2020. A copy of the CAPER is required to be made available to the public for review and comment for a fifteen (15) day period. The CAPER draft will be available for public review from September 7, 2020 to September 22, 2020, at the following locations:

- Rialto City Clerk's Office, 290 W. Rialto Avenue
- *Rialto Recreation Department, 214 N. Palm Avenue, Suite 204
**location is currently closed due to renovations at time of noticing. If opened, a copy will be made available.*
- Rialto Library, 251 W. First Street

A Public Hearing to solicit public comment from interested citizens will be held on September 22, 2020, 6:30 p.m. at Rialto City Council Chambers, located at 150 S. Palm Avenue. The purpose of the Public Hearing for the CAPER is to allow the public the opportunity to comment on the manner in which the City utilized federal and non-federal funds for the one-year period that ended on June 30, 2020.

It is the objective of the City to comply with Section 504 of the Rehabilitation Act of 1973, as amended, the Americans with Disabilities Act (ADA) of 1990 and the ADA Amendment Act of 2008, the Fair Housing Act, and the Architectural Barriers Act in all respects. If you require public documents in an accessible format, the City will make reasonable efforts to accommodate your request. If you require a disability-related accommodation to attend or participate in a hearing or meeting, including auxiliary aids or services, please contact the City Clerk's Office at least 48 hours prior to the meeting at (909) 820-2519.

The City of Rialto encourages citizen participation in the CDBG process. If you are interested, please attend the September 22, 2020 hearing. If you are unable to attend the hearing, written comments will be accepted up to the date of the hearing. If you have any questions, please contact Frank Perez, CDBG Program Consultant at (909) 820-2525 ext. 2119.

Palm Ave., Rialto, CA. El propósito de la Audiencia Pública sobre el borrador del CAPER es para permitirle al público la oportunidad de comentar sobre el contenido del documento y sobre la manera en que el Ayuntamiento utilizó los fondos federales y los que no eran federales durante el período de un año el cual terminó en Junio 30, 2020.

El Ayuntamiento tiene como objetivo cumplir en todo con respecto a la Sección 504 de la Ley de Rehabilitación de 1973, tal y como se enmendó, la Ley de Americanos con Discapacidades (ADA) de 1990 y la Ley de Enmienda a ADA del 2008, la Ley de Vivienda Justa, y la Ley de Barreras Arquitectónicas. Si usted necesita documentos públicos en un formato accesible, el Ayuntamiento hará lo posible dentro de lo razonable para dar cabida a su petición. Si usted requiere acomodo especial debido a alguna discapacidad para asistir o participar en una audiencia o junta, incluyendo aparatos auxiliares o servicios, por favor comuníquese a la Oficina del Secretario Municipal por lo menos 48 horas antes de la junta al (909) 820-2519.

La Ciudad de Rialto urge la participación de los ciudadanos en el proceso del Programa de Subsidios Globales para el Desarrollo Comunitario (CDBG, por sus siglas en inglés). Si usted está interesado en participar no deje de asistir a la audiencia pública el 22 de Septiembre de 2020. Si no puede asistir, comentarios por escritos serán aceptados hasta el día de la audiencia pública. Si tiene alguna pregunta, por favor comuníquese con el Sr. Frank Perez, asesor del programa CDBG al teléfono (909) 820-2525 ext. 2119.

SUMMARY OF CITIZEN PARTICIPATION COMMENTS

In compliance with the City's approved Citizen Participation Plan and implementing regulation 24 CFR 91.105, a public notice was published (Appendix A) to solicit public comments from interested citizens regarding the 2019-2020 draft CAPER. The draft CAPER was made available to the general public for a period of 15 days in order to provide an opportunity for the public to review the document.

The public hearing to solicit public input and comment on the draft CAPER and the City's performance during PY 2019-2020 will be held at the Rialto City Council Chambers at 150 S. Palm Avenue, Rialto, California on September 22, 2020.

The following is a summary of Citizen Participation comments:

- Public Comments to be inserted here once public hearing is held.

2017	2017 Public Works is working with engineers to complete plans and specs. Project is anticipated to go out to bid in quarter 2 of PY 2018-2019.	
2018	Project design phase was put into final plan checking during quarter 4 of PY 2018-2019. The City will combine this project with the City's Bud Bender Park Ball field Fence Project and its Community Center Basketball Resurfacing Project for better bid pricing. Project is expected to be completed in PY 2019-2020.	
2019	1st Qtr Project is set to go out to bid in November of 2019 in conjunction with the Bud Bender Fence and Community Center Basketball resurface project. Awaiting award of project. 2nd Qtr Project went out for the solicitation of bids for construction and is awaiting the award of a construction contract. 3rd Qtr Project was awarded and construction commenced in March of 2020. Anticipated construction completion is set for set for possibly end of June 2020. However due to COVID-19 construction set backs in regards to scheduling, social distancing and City facility closures did occur causing construction to continue into the following program year. 4th Qtr Project construction has continued with partnership of the City staff during community facility closures. Construction completion is anticipated to be completed in quarter 2 of the 2020-21 program year.

Description:

To address the safety of players and spectators this project proposes to extend the current installed poles and continue the chain link fencing (at a height of 35ft.) from the baseline to the foul ball pole in the outfield.
 Also proposed is for safety netting to be installed from new chain link fence to the concession stand area along the first base line.
 This will protect the concession stand customers from any potential incoming hazards.
 The project benefits the community and its baseball program by providing a safe environment.

Project: 0001 - Community Facilities and Infrastructure Improvements
IDIS Activity: 384 - Community Center Buildings & Tenant Improvements

Status: Open
Location: 214 N Palm Ave Rialto, CA 92376-5826

Objective: Create suitable living environments
Outcome: Availability/accessibility
Matrix Code: Parks, Recreational Facilities (03F) **National Objective:** LMA

Initial Funding Date: 02/03/2020

Description:
 The Public Works Department proposes to renovate the Community Center BuildingsWings 300,400, and 500 wings located at 214 N. Palm Avenue to provide upgraded facilities which meet Americans with Disabilities Act (ADA) compliance standards. Community patrons in wheelchairs currently using the facility find it very difficult and unsafe and at times impossible to enter and exit buildings. These improvements will make the site ADA compliant and therefore make the space usable by community patrons of any age group and ADA identified patrons.

2019	1st Qtr Project is set to go out to bid in November of 2019 in conjunction with the Bud Bender Fence and Community Center Basketball resurface project. Awaiting award of project. 2nd Qtr Project went out for the solicitation of bids for construction and is awaiting the award of a construction contract. 3rd Qtr Project was awarded and construction commenced in March of 2020. Anticipated construction completion is set for set for possibly end of June 2020. However due to COVID-19 construction set backs in regards to scheduling, social distancing and City facility closures did occur causing construction to continue into the following program year. 4th Qtr Project construction has continued with partnership of the City staff during community facility closures. Construction completion is anticipated to be completed in quarter 2 of the 2020-21 program year.
